DESCRIPTION Elden Ring is an action RPG in the fantasy genre, which is based on the world of the acclaimed story written by Hiroshi Sato. Players will become a virtual being belonging to an online world, "The Lands Between," and battle terrifying creatures and demons with a party of heroes, all while forging an ideal hero. The three-dimensional battles feature gorgeous visuals and a gorgeous world with immense diversity, making for a journey full of adventure. Players will be able to change the terrain and engage in fierce battles with your allies, so you can form your own style of play. GAME STORY * In this fantasy-inspired story, as god-like beings brought life to the world of the Lands Between, the demon War and Heaven beings filled with greed and lust entered this world. Fearing the threat of that kind of demonic demonic invasion, the five Goddesses created a magical dragon to maintain the balance of the Lands Between. Those that died lost their life force and drifted to the depths of the darkness of the Lands Between, while gods turned their back on the world and withdrew. * In the world of the Lands Between, a human-like race named the Elden lived for countless years, playing and caring for the dragon, which has grown beyond recognition. The Elden have disappeared, leaving only legends and tales. No one knows where the Elden are now, or how the balance of the Lands Between became upset. * Due to a golden ring that the goddesses left behind, the sleeping dragon-god Awakened and a white mage, who calls himself "the Artisan of History," fought a fierce battle with evil to recover the power of the light and save the world. Together, the two friends went on a journey that changes the outcome of the world forever. * With the power of the god-like dragons created by the five goddesses, the heroes will be able to change the terrain and engage in fierce battles with their allies, so they can form their own style of play. PLAY MOVEMENT The battle system is a one-on

Elden Ring

FEELING FERIOUS 11/14/2011 A new fantasy action game I was recommended by VideoGamesAA when I was looking for some nostalgia to read and play. Rise, Tarnished is exactly what I was looking for. It's retro meets modern. It's story driven with a very energetic feel to it. The character designs and other aspects of the game are a huge step up from the indie titles I normally play. The combat is fluid and the different elemental attacks have a great feel to it. You'll come across enemies with unique abilities and weapons, and things just get super intense really quick. In the beginning of the game you'll get to the story a bit easy, but it gets progressively harder in terms of challenge and difficulty until you die several times. I had a great deal of fun playing the game and I'm really excited to go back and get familiar with it. I've had a few hiccups with the client here and there, like the file saving, but the game is really well done and I didn't have any technical problems while playing it. This game is a definite must-have if you're looking for a good retro RPG experience. DEV ILF: The single player of the game is currently quite mediocre. The combat is presented in a linear manner, not quite meeting the expectations of most turn-based RPGs. The battles lack the variety of tactics necessary to take down the hordes of monsters, and often don't offer sufficient resource management to handle the challenging enemies. The game's development pace is also quite slow, and it would have benefited from being expanded and polished a bit more. The developed single player gameplay lacks the variety of tactics necessary to take down the hordes of monsters. Beautiful and dramatic, the game's story speaks of mythical creatures and an ancient war between the Gods, Earth, and the Lords of Shadow. The Gods were the ones who created humans; the Earth who inherited the land, and the Lords of Shadow who inherited the landscape. Their descendants are the Elden who dwell in the Lands Between. At the center of their conflict rests the Elden Ring, an artifact of unparalleled power that grants its owners incredible strength. The God of Death, Thracia, wishes to obtain this artifact to attain immortality, but such a power cannot be owned by any being. He seeks bff6bb2d33
